- **MAX FILE SIZE**: 500 mb
- **ASPECT RATIO**: 16:9
POP-UNDER ADS

Engage directly with your audience and integrate within the browser with our Pop-unders. A non-intrusive alternative to banner ads.
High-impact advertising that grabs the attention of the audience and lets your brand create a lasting impression.

**INCLUDES:**
- Homepage Skin
- All visible ad spots on the homepage
Programmatically buy ad space using the TJ DSP.
Explore the automation and optimization features to help you scale and maximize your ROI.

**DEMAND-SIDE PLATFORM**

**AUTOPilot**
Adjusts the ad weights and automates your ads' rotation. Autopilot displays the most engaging and best converting ads to the audience.

**BIDDER**
Set a target CPA and allow our algorithm to optimize your bids automatically. The bidder works towards the CPA goal and increases/decreases the bids according to the results achieved.

**RULES ENGINE**
Set rule conditions on campaign metrics. Rules Engine eliminates the sources that don't meet your rule conditions to improve overall campaign performance.
